

Covered At Work

For many Utahns, health insurance is available, but the cost may be out of reach.

Now you can get Covered at Work.

Covered At Work is a program to help you pay for your health insurance at work.

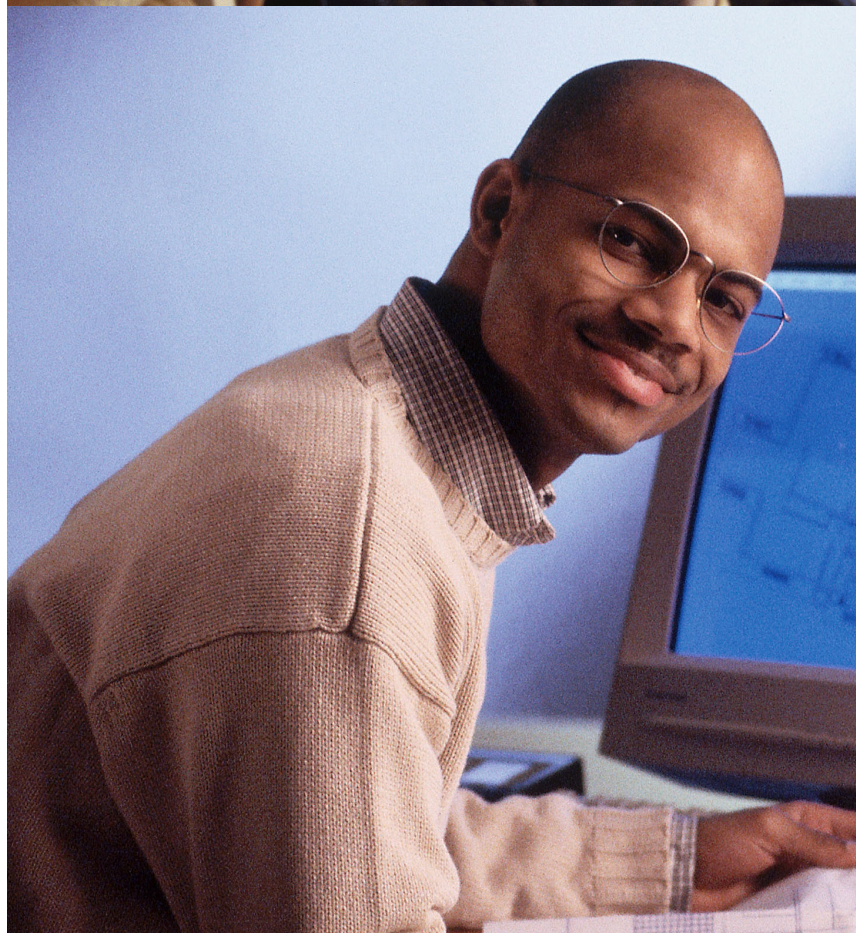

You get up to \$50 per month toward your health insurance. You must qualify.

To enroll, you must have access to health insurance at work, but not yet be enrolled.

**For more information or an application,
